CABIN MATE REQUESTS

We know how important it is for your campers to spend time with their friends or relatives at camp, and we will make every effort to honour your requests, however we cannot guarantee that all cabin mate requests can be met. Generally, we aim to put campers in groups with other campers the same age.

- Please make sure that all cabin mates are requested at the time of online registration on the Camper Information Form. The campers need to have each other's names in the cabin mate box on this form.
- Siblings may not be placed in a cabin together unless you request that they be together. You can also use the cabin mate box to request that they are not placed in the same cabin.
- If you could not enter a name at the time of online registration, or your cabin mate request has changed, then please phone 403-884-2444 or email halkirk@csranch.ca ***at least 2 weeks before your child's week of camp***, at the very latest, to update your request.
- It is very difficult to make changes once campers have started arriving on Registration Day, and often we are not able to make any changes to cabin assignments with no prior notice.

RANCHER MAIL

We are happy to deliver notes to your child while they are at camp.

- Please write their full name on the front and which day you would like it to be delivered.
- No parcels, please, notes only
- Notes are delivered at breakfast time on Tuesday, Wednesday, Thursday, and Friday
- We do not recommend sending mail through Canada Post, usually it arrives after the camper's week of camp and it must be returned to sender.
- Drop off any camper mail at the registration table when you arrive at camp.

CAMPER MEDICATION

Medical care is a vital part of our role for your child while they are at Circle Square Ranch.

- Please advise us at registration if there are any changes to your child's medical information from what was entered at the time of online registration.
- Circle Square Ranch Halkirk reserves the right to refuse admission to any camper with a suspected contagious condition, i.e. fever, chickenpox, Covid, lice/nits. To ensure your child has an enjoyable week, and to protect other campers, please have any condition treated completely before coming to camp. If this is not possible, please call and inquire about rescheduling to another week (pending availability).
- Due to the structure of our program, we request that medications required throughout the year are sent with your child to camp.
- All medication brought to camp must be kept in a safe location with our first aid personnel, including vitamins, puffers, pain medication, prescriptions, and birth control.
- All medication must be in its original container, labelled with the camper's name and instructions for use, or in a pharmacy bubble pack. Most pharmacies will bubble pack your child's medication free of charge. Please consider this as an option for your child's week of camp.
- If you would like your child to carry their puffer or Epipen with them, please bring a second one to be kept with the camp nurse in case one gets lost.

LICE

Please check your camper's hair before they come to camp. It is very disappointing for a camper to have to be sent home because of lice, so please check ahead of time, if you are not sure please contact a medical clinic.

- A lice check is part of our registration process.
- If we find any lice or nits the camper will be sent home so a proper lice treatment can be done. If you have travelled too far to return home, we have treatments available to be purchased.
- Your camper's hair must be free of ALL nits and adult lice before the camper can stay at camp.
- There are no exceptions and no refunds due to lice.

FOOD ALLERGIES

InterVarsity Circle Square Ranch Halkirk will make every effort to accommodate food allergies; however, we cannot guarantee that we will be able to meet requests for food preferences.

- When notified in advance, we can accommodate most vegetarian, lactose-free, and gluten-friendly diets.
- If your child has a complex allergy, please contact the camp office to determine if dietary restrictions can be accommodated.
- If your child has food allergies and you would like to review the menu, please contact us the week before your child's week of camp. You can discuss the menu with the cook if you need to do so.
- We are not a gluten free facility. We will do our best to reduce exposure for those who are Celiac or have a severe gluten allergy, but we do prepare food containing gluten in our kitchens.
- We cannot guarantee to be a nut free facility. We do seek to reduce the risk of exposure to nuts and therefore do not knowingly use or serve peanuts, peanut products, or tree nuts on camp property. Nuts or products containing nuts will not be available in our camp stores. However, the food we purchase may contain traces of nut products.

LOST AND FOUND

- Circle Square Ranch Halkirk is not responsible for lost or missing items. Please label all belongings clearly with the camper's name.
- During a week of camp, we will display lost and found items to campers at mealtimes in an effort to get their belongings back to them soon after they are found.
- At the end of the week any unclaimed items will be made available in the two Lost and Found bins placed near the Sign Out window at the rodeo arena.
- Any items that have not been claimed before the end of September will be given to a local charity.
